FSC® certified wood.

We ensure that all wood used in our products is harvested from 100% approved traceable, sustainable and ethical sources.

Sustainable e-Fibre™.

Since switching from foam to e-Fibre, we have actively prevented more than 70 million plastic bottles from going into landfill and our oceans.

*e-Fibre features polyester created from 100% recyclable plastic bottles. Weight of plastic described in equivalent number of average sized plastic drinking bottles.

100% steel.

Steel is a naturally strong material, so it is perfect when used for our bed frames. The added benefit of steel is that it can be recycled infinitely.

Foam free mattresses.

The comfort layers in our mattresses are made from 100% foam free breathable e-Fibre. Helping to regulate moisture and temperature when compared to foam, e-Fibre is also hypoallergenic and is free from harmful VOC emissions.

100⁺ YEARS

CELEBRATING OVER 100 YEARS
OF SLEEP INNOVATION

Founded in Yorkshire, England, our heritage can be traced back more than 200 years.

Evolving throughout generations and born out of a passion for comfort innovation and manufacturing, we have become globally renowned for innovative sleep products which are functional, inventive, and environmentally conscious.

1820s

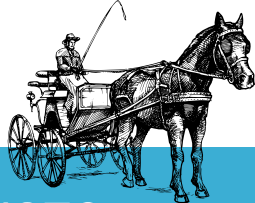

The Story Begins. West Yorkshire, England.

The story of Jay-Be can be traced back to the early 1800s, where the original family members played a key role in expanding the textiles industry within the Calder Valley region of West Yorkshire.

The Rag Trade. Wool & Textiles.

In the 1870's the original business began trading with merchants in wool and textiles.

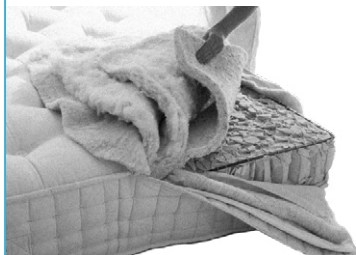

1870s

New Skills.

Mattresses.

Harnessing new skills, we first entered the bed and mattress market.

1930s

Jay-Be® is Born. New Adventures.

The official Jay-Be® brand launched.

A new division was formed to make metal framed products, initially Folding Bed frames to combine with the mattresses.

1970s

Award Winning.

Innovative upholstery.

Recognising that storage space and style were becoming more important to the consumer, we designed the award winning Infinity Storage Bed. This has since influenced a new genre of stylish 'Ottoman' storage beds.

2000s

Specialists. Sleep Solutions.

Already delivering Sleep Smart products including folding guest beds, luxury sofa beds and accessories, we launched sustainable vacuum packed and rolled mattresses.

2010s

1914

1960s

1990s

2020+

Chairs & Sofas. Launch of Upholstery.

A new division to manufacture upholstered products was formed to produce chairs and sofas.

Evolution. Clothes for WWI.

The business evolved to supply woollen and textile products, even including soldier uniforms during WWI.

Innovation. Innovative Metal.

We created the first studio bunk concept, utilising the space under the bunk as a study area. An innovative design which inspired the bunk bed market.

Jay-Be & the Future
