What's new from June 2020?

All NEW Memory e-Fibre®.

In our continued effort to improve comfort and sustainability, we have replaced all Memory Foam layers in our folding beds with Memory e-Fibre. Offering quick response pressure relief and increased breathability, Memory e-Fibre is a more environmentally friendly alternative to Memory Foam.

Setting NEW Benchmarks for mattresses.

Thoughtfully designed, every component of our Benchmark range has been chosen to create a collection of eco-friendly mattresses which offer maximum comfort and reduced environmental impact. There are four models to choose from, in a variety of sizes and you can learn more about each in our new Benchmark brochure.

NEW sizes for our Simply Kids mattresses.

In response to requests, following the success of our Simply Kids children's mattresses, we are pleased to introduce new popular children's sizes including Shorty, European Single, and Small Double.

The "Impression" and "Royal" are now "Jubilees".

To give a consistent message to the consumer across our entire range, we have renamed the "Impression Memory" and "Royal Pocket" folding beds to "Jubilee Folding Beds" with a choice of mattresses.
